

# Privacy Learning Cluster

# New Group on Privacy

## SEFLIN Discussion Groups

### Privacy and Security Learning Cluster

- Monthly webinars based on topics learned in LFI
- A platform for local library staff to share resources, ideas, articles, and more

# Schedule

---

10 months

---

October – Passphrases and Password Managers

---

November – Threat Modeling

---

January – Data Detox/In-Person Meeting/Glass Room Exhibit

---

February – Privacy Audits (Erin Bergman)

---

March – Privacy Tools (Tor, Tails, Privacy Badger)

---

April – Vendor Privacy Policies

---

May – Secure Messaging Tools

---

June – Encrypting Email (Who wants to help me?!)

---

July – Wrap up(?) Revisit tools like Tor and Tails

---

# Method

Based on what topics helped things click for me

Also, what else is going on

- Glass Room Exhibit will be at SEFLIN in January
- Guest speakers schedules

# Feedback

- Mostly positive
- Had 17 people sign up for group (now 16)
- 35 people registered for the Passphrase webinar
- Threat Modeling had 18 registrations, with poor turnout
- Group has been active on SEFLIN Connect
- Other library staff are interested

## Follow Up Plans

Trying to stay engaged  
with our group to see  
what classes they offer

On SEFLIN Connect I  
ask if people have  
taught or plan to teach  
what we've covered

The group has already  
shared some of their  
existing privacy slides

Hoping to eventually  
work with them and  
others to create classes
